

# FLAMEPROOF

## THE MONITOR INSIDE EH-0/06/04

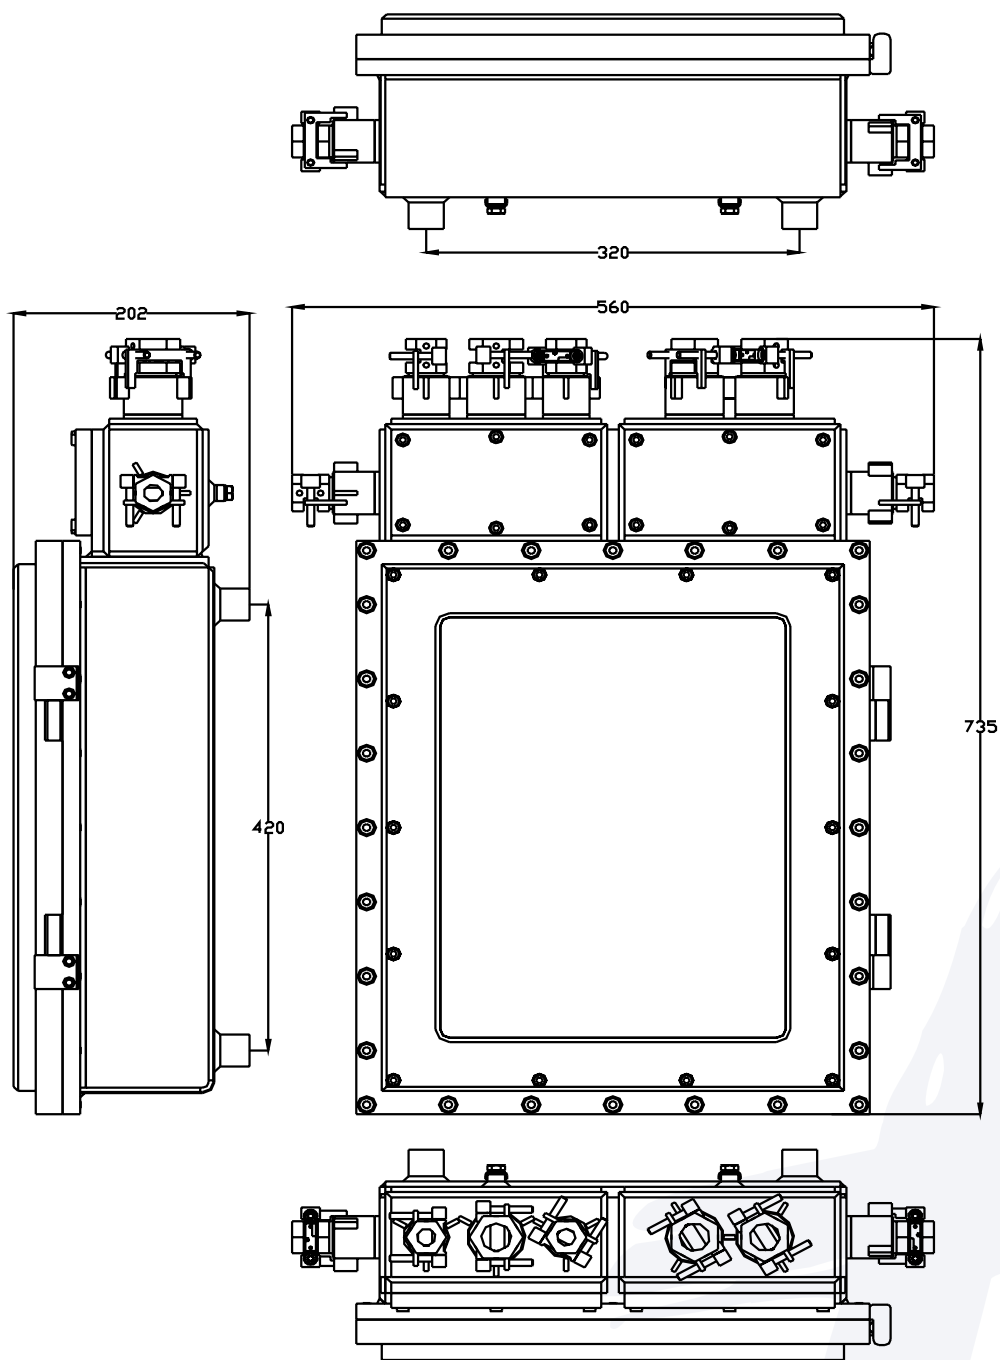

### TECHNICAL DATA

EH-0/06/04	
Supply voltage	220VAC +/- 20%
Frequency	50Hz
Operational temperature	0°C + 40°C
Air humidity	maks.95%
Weight	95kg
Overall dimensions, including glands	560x735x202 mm

## CHARACTERISTIC

The monitor inside the EH-O/06/04 type flame-proof casing is assigned for the control systems applications as the device for visualization of the machine and device technological processes.
